Weather Guard

- ***Secures weather protection better than any other method.***
- ***Protects both sides of wall on free standing masonry.***
- ***Can be used with front leg for veneer masonry.***
- ***Front leg extends to 20' - extra legs can be ordered for greater heights.***
- ***Fits most standard 5' wide scaffold frames.***
- ***Plastic Wind Clips are also available.***

Note: Check local codes when installing weather protection on frames. Ties or guys will have to be spaced more frequently.

SCAFFOLD FRAMES AND ACCESSORIES SOLD SEPARATELY
